Red Royal Egyptian Granite

Rich Red Egyptian Granite with a Bold Natural Character

Red Royal Egyptian Granite is a distinctive natural stone characterized by its **rich red background combined with contrasting black, gray, and natural mineral grains**.

Its strong color and naturally crystalline appearance give Red Royal a bold architectural identity, making it an attractive choice for projects where the stone is intended to become an important part of the overall design.

Suitable for both interior and exterior applications, Red Royal combines the distinctive appearance of Egyptian granite with excellent versatility for architectural and custom stonework.

Applications

Red Royal Granite is suitable for a wide range of applications, including:

- Interior and exterior flooring
- Exterior façades
- Wall cladding
- Countertops and vanity tops
- Steps and staircases
- Paving and walkways
- Landscape features
- Columns and architectural elements
- Monuments and memorials
- Commercial and public projects

Available Finishes

At **Nileox Stone**, Red Royal Granite can be produced in a variety of finishes depending on the required appearance and application:

Polished | Honed | Flamed | Bush Hammered | Brushed | Sandblasted | Antique

Custom finishes are also available according to project specifications.

Sizes & Custom Fabrication

Red Royal Granite can be supplied as **slabs, tiles, pavers, steps, countertops, wall cladding, monuments, and custom cut-to-size pieces**.

Dimensions, thicknesses, edge profiles, surface finishes, and custom fabrication can be produced according to architectural drawings and individual project requirements.

Rich Natural Color

The deep red background and contrasting mineral structure give Red Royal Granite a distinctive and luxurious appearance.

A **polished finish** enhances the richness of the red tones and highlights the natural crystalline pattern, while **Flamed, Bush Hammered, and Sandblasted finishes** provide a more textured character for exterior paving, façades, steps, and landscape applications.

Distinctive Egyptian Granite for Lasting Architecture

From statement flooring and façades to countertops, paving, monuments, and custom architectural elements, **Red Royal Egyptian Granite** brings together bold natural color and the timeless character of Egyptian stone.
