White Safaga Egyptian Granite

Light Egyptian Granite with a Clean, Timeless Character

White Safaga Egyptian Granite is an elegant natural stone characterized by its **light gray to off-white background with naturally distributed gray and black mineral grains**.

Its clean, neutral appearance makes it a versatile choice for architectural projects where a lighter granite is desired. The subtle contrast between its background and mineral pattern allows White Safaga to complement both contemporary and traditional designs.

Suitable for interior and exterior applications, it offers the natural character and versatility expected from Egyptian granite.

Applications

White Safaga Granite is suitable for a wide range of applications, including:

- Interior and exterior flooring
- Exterior façades
- Wall cladding
- Countertops and vanity tops
- Steps and staircases
- Paving and walkways
- Landscape features
- Architectural elements
- Commercial and public spaces
- Custom stone projects

Available Finishes

At **Nileox Stone**, White Safaga Granite can be supplied in a variety of finishes depending on the desired appearance and application:

Polished | Honed | Flamed | Bush Hammered | Brushed | Sandblasted | Antique

Custom finishes are also available according to project specifications.

Sizes & Custom Fabrication

White Safaga Granite can be supplied as **slabs, tiles, pavers, steps, countertops, wall cladding, and custom cut-to-size pieces**.

Dimensions, thicknesses, edge profiles, surface finishes, and custom fabrication can be produced according to architectural drawings and individual project requirements.

Clean Natural Appearance

The light background and contrasting natural mineral grains give White Safaga Granite a clean and balanced appearance, making it particularly suitable for projects requiring a **neutral and versatile natural stone**.

A **polished finish** highlights its crystalline structure and natural contrast, while **Flamed, Bush Hammered, and Sandblasted finishes** create more textured surfaces suitable for exterior paving, steps, façades, and landscape applications.

Versatile Egyptian Granite for Modern Architecture

From flooring and façades to countertops, paving, steps, and custom architectural elements, **White Safaga Egyptian Granite** provides a light, natural aesthetic with the authentic character of Egyptian stone.
