Galala Egyptian Limestone

Natural Egyptian Limestone with Timeless Character

Galala Limestone is a distinctive Egyptian natural stone quarried from the Galala region near Suez, Egypt. Known for its elegant **light beige, creamy beige, and creamy-white tones**, Galala brings a warm and sophisticated character to both traditional and contemporary architecture.

Its natural color variation and versatile appearance make it an excellent choice for residential, commercial, and landscape projects.

Applications

Galala Limestone is suitable for a wide range of applications, including:

- Pool decks and pool coping
- Patios and terraces
- Walkways and paving
- Exterior façades
- Wall cladding
- Interior and exterior flooring
- Steps and staircases
- Landscape and architectural features

Available Finishes

At **Nileox Stone**, we offer Galala Limestone in a variety of finishes to meet different architectural and design requirements:

Tumbled | Chiseled Edge | Bush Hammered | Brushed | Honed | Sandblasted | Antique

Custom finishes are also available upon request.

Sizes & Custom Fabrication

Galala Limestone is available in **tiles, pavers, slabs, pool coping, steps, and custom cut-to-size pieces**.

Dimensions, thicknesses, edge profiles, and surface finishes can be customized according to project specifications.

Natural Egyptian Stone. Crafted for Your Project.

From elegant pool surrounds and outdoor living spaces to façades and architectural cladding, Galala Limestone combines the natural character of Egyptian stone with the flexibility required for modern architectural projects.
